

## DMIP 2 Schedule

October 12, 2006

Date	Item
February, 2006	Launch of DMIP 2; basic data and instructions available for Oklahoma experiments.
September, 2006	Basic <sup>1</sup> data and instructions available for Sierra-Nevada basins.
February 28, 2007	Simulations for basic Oklahoma experiments submitted to NWS for analysis
September 30, 2007	Simulations for basic Sierra-Nevada experiments submitted to NWS for analysis

<sup>1</sup>Note: The advanced data from the HMT observation campaigns from the winters of 2005-2006, 2007-2007, and 2008-2009, will be available to participants after they are processed into a useable form for the DMIP 2 experiments. The basic data are from existing NCDC and SNOTEL precipitation and temperature gages
